Hi Rob,

Can you send out the call-in number?

Thanks for the reminder! I still need to send out call information tomorrow morning when I'm in the office. I'll also reserve a room.

Thanks,
Rob

Hi, Rob.

I have a potential conflict tomorrow afternoon, but I will do my best to make the call. I don't see a call-in number on the invitation. Can you shoot that to me, or are you planning to get a room for EPA folks?

Thanks!
Cynthia

Enforcement Confidential

Hey team,
I want to forward this to you from CFAC. It sounds like CFAC and DEQ weren't able to reach an agreement. I think we need to move forward with drafting GNLs and SNLs so we can be ready to send them when necessary. Will you guys be available for the DEQ phone call tomorrow afternoon at 330? I hope the invite I forwarded on Friday made it to you.
Thanks,
Rob

Rob-
I left you a voice message on your office phone today to let you know that CFAC is committed to doing further RI/FS site investigation at the CFAC site, but was unable to agree to all the terms in the MDEQ AOC. Also, have you received the analytical results from last month's sampling at the Aluminum City locations? Thanks
